Community Choice Electricity Aggregation Program

<Date>

Dear Basic Service Customer,

The City of Somerville, the Board of Aldermen and the MA Department of Public Utilities have approved a Community Choice Electricity Aggregation program authorizing our community to aggregate the electricity load of those residents and businesses that are on Basic Service with Eversource (NSTAR Electric Company). The goals of the program are to provide you with competitive choice, longer-term price stability and more renewable energy.

You will be automatically enrolled in the Somerville Community Electricity Aggregation program unless you choose not to participate.

After a competitive bid process, Dynegy was selected as our Electricity Supplier with a contract term from your scheduled July 2017 meter reading and expiring on your January 2020 meter reading. A comparison of the rates for the aggregation program and the current rates for Eversource (NSTAR Electric Company) Basic Service are shown below.

Rate Class	New Community Electricity Program "Somerville Local Green" Five (5) Percent Local Renewable Energy (Standard Product - No Action Required)	"Somerville 100% Local Green" One Hundred(100) Percent Local Renewable Energy	"Somerville Basic" No Additional Local Renewable Energy	Current Eversource (NSTAR Electric Company) Utility Basic Service
Residential	\$0.10538/kWh	\$0.13198/kWh	\$0.10398/kWh	\$0.11397/kWh
Small Business	\$0.10538/kWh	\$0.13198/kWh	\$0.10398/kWh	\$0.11403/kWh
Large Business	\$0.10538/kWh	\$0.13198/kWh	\$0.10398/kWh	\$0.11498/kWh NEMA*
Duration	July 2017 – January 2020 (Rates apply to service beginning and ending on the days of the month that your meter is read in your service area.)			July 2018 – December 2018 Residential and Small Business rates change every six months. *Large Business rates change every three months.

Rates indicated above are for Supply Services only. Under the contract with Dynegy, the aggregation program rate per kWh for electric supply will be fixed until your January 2020 meter reading. This rate is guaranteed to remain below Eversource's (NSTAR Electric Company) Basic Service rate until Eversource (NSTAR Electric Company) Basic Service rates change at the end of December 2018 for Residential, Small Business customers and Large Business customers.

There is no guarantee of future savings. The primary intent of the program is to provide price stability and savings over the duration of the 30-month term. However, Eversource (NSTAR Electric Company) Basic Service rates for electric supply typically change every six months (January 1 and July 1) and may be below the program rate during any given six-month period. As noted below, subscribers may opt out and return to Eversource (NSTAR Electric Company) basic service at any time with no early termination fee.

ADMINISTRATIVE ADDERS for all Somerville programs are included in the above rates. These fees are: \$0.001/kWh for the aggregation consultant and \$0.000025/kWh (first 12 months only) for the Metropolitan Area Planning Council (MAPC), the regional planning agency assisting the program. The Town of Somerville does NOT receive any fees associated with this program.
